

Vicki!!

Vicki was into her thirties when she joined the Soft Landings family, after being moved around she was ready for her forever home! Kyla came to visit another bird (Elwood, who she also later adopted) but Vicki decided that she was going to hold on to Kyla and never let go! Vicki is the biggest mama's girl; she loves to tickle and curse so she keeps her mom on her toes! 😊 She has two macaw siblings and two cockatoo siblings, but she only has eyes for Kyla!
